**PRESTIGIA PRO GLOBAL**
LOCAL BUSINESS INFRASTRUCTURE, REPUTATION DEFENSE & HIGH-CONVERSION COMMERCE

30-DAY FOUNDING PILOT

MARKET DIAGNOSIS: THE SILENT LEAK OF LOCAL BUYERS & CLIENTS

# 88% of local customers check Google Maps reviews before visiting a business or booking a service.

Whether you run a **restaurant, medical spa, dental office, retail store, or an in-home service (carpet/upholstery cleaning, plumbing, locksmithing, HVAC or mobile detailing)**: receiving **a single 1-star public Google review** diverts up to **70% of potential new clients** straight to your local competitors.

**SPECIALIZED INFRASTRUCTURE BUILT FOR BOTH COMMERCIAL MODELS:**

### For Brick-and-Mortar Storefronts

Restaurants, bistros, spas, barbershops, clinics & boutiques. Dynamic Smart QR displays placed on dining tables, reception counters, or checkout registers to capture happy reviews at payment.

### For In-Home Services & Mobile Pros

Carpet/upholstery cleaners, plumbers, locksmiths, electricians & mobile mechanics. Digital Smart QR on your smartphone screen to collect 5★ ratings at the client's home upon job completion.

### The Public Grievance Bias

Unhappy clients actively go online to vent on Google Maps, damaging years of hard work. In contrast, 90% of satisfied customers never leave a review simply out of laziness or search friction.

### 100% Digital Delivery Under 24 Hours

No delayed postal shipments. You receive an audited Google Maps profile, a blazing-fast official website, and an **HD Smart QR Digital Suite** ready for your mobile screen or local printing.

THE PRESTIGIA GLOBAL SOLUTION

## Reputation Armor + Predictable Local Customers on Autopilot

We multiply your 5-star Google Maps reviews, algorithmically block 100% of public negative complaints, and turn one-time buyers into loyal repeat clients via your brand-new official mobile web hub.

POINT-OF-SALE CONVERSION ENGINEERING

# The Intelligent Bifurcation Circuit

Everything occurs in under 10 seconds directly on the customer's phone without requiring any app downloads or friction.

1

### Smart QR Tap / Scan

The client scans the QR code from your in-store acrylic display or directly from your phone screen. The branded interface opens in **less than 1.0 second**.

Zero friction: no app downloads required.

2A

★★★

### Satisfied Client (4 or 5★)

Instant redirection to Google Maps. **Opens directly the review modal with 5 stars pre-selected** so the customer only needs to tap "Post".

📈 Guaranteed climb to the Top 3 local rankings.

2B

### Unhappy Client (1 to 3★)

**Google Maps is 100% blocked.** A private resolution form captures Name, Phone & Incident details routed directly to ownership.

Zero public damage. Real-time alert in <10s.

POST-REVIEW COMMERCIAL HUB

### Official Lightning-Fast Mobile Website Included

Loads in **<1.2 seconds** with your service/product catalog, direct WhatsApp / call button, and seamless links to Instagram, TikTok, and Facebook.

**Reviews + Followers + Sales**

TRANSPARENT INVESTMENT & HIGH RETURN ON INVESTMENT

# Global Subscription Plans (USD)

Golden Rule: The setup fee covers the **permanent ownership** of your Website and Google Maps profile. The monthly fee covers the **live cloud reputation radar, hosting and continuous support**.

## FREQUENTLY ASKED QUESTIONS FROM INTERNATIONAL BUSINESS OWNERS

**"How do I receive alerts in the US, Canada, or UK?"**

Prestigia Pro is natively integrated with international country calling codes (+1 US/CA, +44 UK, +52 MX, etc.). Urgent customer feedback arrives instantly to your standard WhatsApp or mobile number regardless of where you operate.

**"How do I print my Smart QR codes locally?"**

Inside your Owner Portal, you can download vector-quality print files (PDF & PNG). You can easily take them to any local print shop (FedEx Office, Staples, local copy center) to print them as stickers, window decals, or table stands.

**"What happens if I pause my monthly subscription?"**

Your Google Maps profile and website remain online because you own them permanently. Pausing the monthly plan simply pauses the live anti-complaint radar until you choose to reactivate it.

**"How fast is turnaround and delivery?"**

Full deployment of your mobile website, Google Maps optimization, and activation of your Digital Smart QR Suite is delivered within **24 to 48 business hours**.
